Construction News Flash

Edwards AFB Community Health Clinic

From the Office of Construction and Transition Directorate
1Lt David C. Thompson II
MSgt Marla D. Muse
661-277-2622 / 661-277-4162

Bi-Weekly, Issue No. 28 PHASE 3 (estimated move-in April 2004) **24 Sep 2003**

MILCON Progress

(Photos by Lynn Styles, SGSI)

- Installing the standing seam roofing for Areas 40/41

MILCON Progress

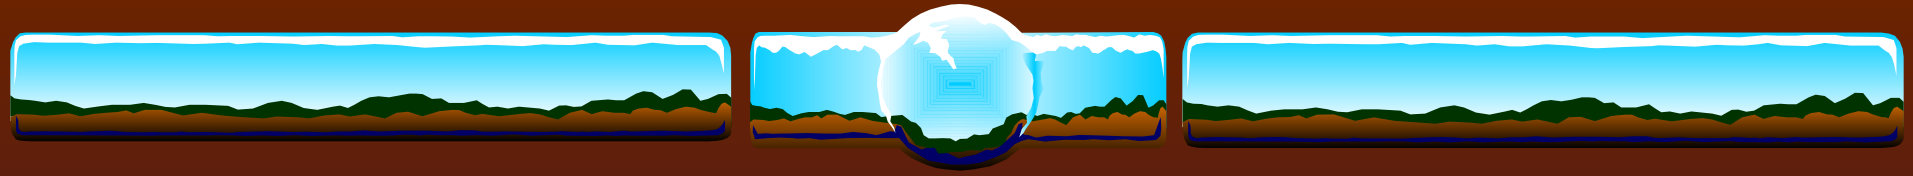
- Continuing to install rough plumbing and electrical in Areas 10/20/21

MILCON Progress

- Finishing the radius stairs in the main entrance
- Begin installing the handrail in A-11
- Continuing to install inside drywall for A-10/11
- Finishing EFIS/drywall in A-12

What’s Next?

- Installing soffit panels in A-40/41
- Drying-in the Jewel Box
- Installing the windows in A-10/11
- Best Roofing will begin ‘hot mopping’ A-40/41 over the next 2 weeks which will smell like burnt tar (weak stomachs beware)!



CONSTRUCTION CONCERNS

- **ALL STAFF: Do not park in the patient parking lot. Let's be considerate to our patients.**
- **Please watch your speed around the construction site and obey the Stop signs.**
- **If you have any questions/concerns about the new clinic, please contact your MILCON team.**
- **Your continued patience with our progress is appreciated.**
